AI JUST DANCE

Afterschool Club_

Calling all dancers and code enthusiasts! Get ready for an epic adventure with our AI Just Code Dance workshop! You'll start by testing out an AI machine learning model using a Micro:Bit to recognise your very own dance moves to make a dance routine.

Once your moves are perfected, you'll build a game screen and code your dance character. Don't forget to add your score - may the best dancer win! It's then time for the grand finale dance party where we can test out everyone's creations with their favourite tunes!

Will you choose Taylor Swift? Maybe Michael Jackson's moon walk?

Let's code, dance and have a unique and unforgettable experience together!
